## Jackie Armstrong

Jackie has been a member of the Club since 2019 when her husband, Kelvin bought a Yamaha MT09SP and in 2024 she took over the role of Club Treasurer.

She is an IT Training Manager for a law firm in London and part of that role includes training on Microsoft Excel, which is one of her favourite pieces of software (it takes all sorts!). She uses her skills to great effect, keeping very very detailed records of the Clubs finances on her various spreadsheets.

She rides pillion on Kelvin's motorcycle, which is currently a Yamaha MT10SP. She'd like to ride her own bike but her legs aren't long enough to touch the ground! She did ride a Yamaha FS1E 'a couple of years ago' when she was 17 because she grew up in Walkern and, in those days, there was very little public transport and she needed to get to college in Ware.

Jackie & Kelvin have 3 grown up children; Jamie, Leah and Callum. Jamie also has a motorcycle (a Triumph Daytona) although it only comes out in the good weather. Callum isn't interested in the slightest and Leah is married to Dan who is a Police Driving Instructor and has a motorbike of his own (a Kawasaki).
